Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The NHS Wales Shared Services Procurement department on behalf of the Cardiff and Vale University Health Board has significant expenditure relating to franking charges for the lease of their franking machines for the provision of posting services across the health board.

Engaging with the market, it is determined that whilst there are some third party suppliers who could potentially provide this service, the Clinical Board currently has a lease agreement with their incumbent supplier Quadiant for the lease and associated services of their franking machines.

Due to the volume of increased workload since the Covid pandemic, we wish to put an interim eight month contract in situ to ensure continuity of service to ensure patient care not compromised not receiving their appointment letters, thus enabling the Health Board to undertake a scoping exercise looking at alternative postage digital solutions and undertake a formal tender exercise.
