VII.1.2) Additional CPV code(s)

- 09121200 - Mains gas

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

The Authority intends to amend the framework commencement date to 01/04/2022 from the previously advertised commencement date of 01/10/2022. The framework will retain the original advertised validity period of 48 months, and therefore the new framework end date will be 31/03/2026.

The change has been brought about due to the current exceptional pressures on worldwide energy prices, in order for framework suppliers and users to better plan their purchasing.

This change does not alter the requirements, obligations, award criteria or selection process of the previously awarded suppliers on the framework, and we do not believe would disadvantage any supplier who previously declined to take part in the original framework response.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Duration in months

48

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The Authority intends to amend the framework commencement date to 01/04/2022 from the previously advertised commencement date of 01/10/2022. The framework will retain the original advertised validity period of 48 months, and therefore the new framework end date will be 31/03/2026.

The change has been brought about due to the current exceptional pressures on

worldwide energy prices, in order for framework suppliers and users to better plan their purchasing.

This change does not alter the requirements, obligations, award criteria or selection process of the previously awarded suppliers on the framework, and we do not believe would disadvantage any supplier who previously declined to take part in the original framework response.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The change has been brought about due to the current exceptional pressures on worldwide energy prices, in order for framework suppliers and users to better plan their purchasing.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £25,000,000

Total contract value after the modifications

Value excluding VAT: £25,000,000
