Body governed by public law

I.5) Main activity

Other activity

Agriculture & Horticulture

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

2023-660 Cereals & Oilseeds crop intentions, condition and progress reporting

Reference number

C22728

II.1.2) Main CPV code

- 77100000 - Agricultural services

II.1.3) Type of contract

Services

II.1.4) Short description

AHDB is looking to procure a supplier(s) to provide cereals and oilseeds crop harvest, planting, and crop development reporting across the season. The information needs to inform growers, grain traders, processors, industry stakeholders and other interested parties about planting progress/intentions, condition, development, and harvest progress at set points in time during the season.

AHDB requires suppliers to source data and intelligence from a range of different sources. Our current methodology for crop reporting is based on a network of independent agronomists but we are open to suggestions for alternative provision.

We have split the requirement across three lots and will award either multiple suppliers or a single supplier depending on the evaluation outcome of tenders received. Each of these Lots have associated milestones and KPI's.

- Lot 1 - Harvest progression reporting
- Lot 2 - Planting intentions and progress
- Lot 3 - Crop development and condition (winter and spring)

II.1.5) Estimated total value

Value excluding VAT: £1

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 77100000 - Agricultural services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UK

II.2.4) Description of the procurement

AHDB is looking to procure a supplier(s) to provide cereals and oilseeds crop harvest, planting, and crop development reporting across the season. The information needs to inform growers, grain traders, processors, industry stakeholders and other interested parties about planting progress/intentions, condition, development, and harvest progress at set points in time during the season.

AHDB requires suppliers to source data and intelligence from a range of different sources.

- Lot 1 - Harvest progress reporting: AHDB requires the provision of both numerical data and explanatory, bulleted comments during the main harvest period to inform us about the progress of harvest for cereals and oilseeds crops.
- Lot 2 - Planting intentions and progress: AHDB requires the provision of information data and bulleted commentary on both:
 - Actual and intended plantings to provide a reliable indicative forecast of crop areas.
 - Planting progress and how it compares to or has compared to what would 'typically' be expected.
- Lot 3 - Crop development and condition (winter and spring): AHDB requires numerical data on both the growth stages reached by the majority of UK cereals and oilseeds crops at that point in time and how this compares to what would 'typically' be expected for the time of year, and the crop condition.

Suppliers can tender for single or multiple lots.

The Procurement Documents have been made directly available by AHDB by electronic means at <https://defra-family.force.com/s/Welcome>

Provision of AHDB Cereals & Oilseeds crop intentions, condition and progress reporting.

Reference: 2023-660

Deadline for submissions by 12 noon on the 24 April 2024

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 80

Cost criterion - Name: Price / Weighting: 20

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

13 June 2024

End date

31 May 2025

This contract is subject to renewal

Yes

Description of renewals

Potential to extend for a further three x 12-month periods

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information
