II.1.2) Main CPV code

- 33140000 - Medical consumables

II.1.3) Type of contract

Supplies

II.1.4) Short description

NHS Supply Chain seeks to establish a Framework Agreement for the supply of Insulin Pumps, Continuous Glucose Monitoring, Products Contributing to the Delivery of Hybrid Closed Loop Pathways and Associated Products.

This includes but not limited to tethered and patch insulin pumps, continuous glucose monitoring devices, products that contribute to the functionality of hybrid closed loop insulin delivery systems, and consumables.

Precise quantities are unknown. It is anticipated in the first year that spend will be approximately £215,015,000 - £245,017,000 GBP (Excluding VAT), however this is approximate only and may vary depending on requirements of bodies purchasing under the Framework.

Estimated total value over the 4 year agreement is approximately £960,000,000 to

£1,067,000,000 Excluding VAT.

Please note it is expected that the yearly spend for years 2 , 3 and 4 of the Framework Agreement will rise significantly.

Following the National Institute for Health and Care Excellence (NICE) Technology Appraisal TA943 Overview | Hybrid closed loop systems for managing blood glucose levels in type 1 diabetes | Guidance | NICE published 19th December 2023 and the NHS England Implementation Plan
