II.1.4) Short description

There is little information available for people seeking asylum about services available to support them with their claim and navigating systems in the UK and services available. We are looking for a provider who can provide perinatal trauma-informed support service for women and families from migrant backgrounds, to support them when experiencing financial hardship during pregnancy and with children up to the age of 2. The service model provided should be embedded within communities, working collaboratively with our in-house early help team and local charities and community groups to enable smooth and streamlined pathways to support.

We would like to hear from potential providers interested in delivering these services, to inform the planning of our procurement process. Suitably qualified providers are invited to complete the attached form and return by midday on 31 March 2023.

This is not an invitation to tender.
