Options: Yes

Description of options

The contract may be extended by a further six months, after the initial six month period.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Authority has taken a decision to award a contract to the University of Essex, as it is considered to be the most technically capable provider in the current environment, due to the University's position both as a significant anchor organisation situated in the middle of the community in which this work will be directed, and aims to provide support, but also as their place as a community within that neighbourhood due to the student and staff populations living in and being part of the community this work is aimed at supporting. The university brings a number of skills that are directly linked to the work and have work ongoing with schools and the community as part of other research and outreach in the local community.

The University understands the structure and governance of the Alliance and has already commenced dialogue with system partners including education providers and has evidenced that they have the capability and capacity to deliver engagement and supportive schools work to support the timescales required by the programme.

The University of Essex will continue to work with the Authority and as part of the North East Essex Health and Wellbeing Alliance as an anchor organisation within the Essex system to continue to further develop and implement a set of initiatives aimed at increasing community participation in shaping their lived environment, addressing skill gaps in the community, improving employment prospects, and developing high-impact research and knowledge exchange to improve lives.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
