Notice identifier: 2026/S 000-007982

Procurement identifier (OCID): ocds-h6vhtk-0611e2

Published 29 January 2026, 12:05pm

Scope

Reference

HCC2516478

Description

The Coring service consists of:

Coring; mechanically extracting a standard size cylinder of bituminous material from the road/footway.

It is used to prove material has been laid in accordance with the SROH (Specification of Reinstatements for Openings in the Highway) and forms a vital part of the inspection regime which ensures both Statutory Undertakers/3rd Party works and our HST service provider's works meet National guidelines.

This is a vital service to ensure standards of repair & reinstatements on the highway network are adequate, which in turn ensures the lifespan of the asset is maximised.
