The anticipated start date is 01/06/2022 to 31/03/2024, with the one year option period potentially taking the contract to 31/03/2025. The contract will include repair of Wildcat & Apache GRiD workstations, obsolescence reporting, obsolescence upgrades for, GRiD 1595i workstations, Software and Peripherals and associated activities to be placed with GRiD Defence Systems Limited. GRiD Defence Systems Limited are the original equipment manufacturer (OEM) of the workstations and a contract is being placed with them due to technical reasons and for reasons connected with the protection of exclusive rights, as they are the only supplier who have the necessary technical information to deliver the contract requirement.
