Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- New works/services, constituting a repetition of existing works/services

Explanation:

We are making an extension under Reg 72 to the procurement exercise for these reasons;

IBM have been providing services so far to a satisfactory standard Over the course of the last ~2 years, considerable project-specific knowledge & experience has been built up within the project team.

There would be a substantial risk of disruption to operations arising from a sudden change in service provider.

Completing a tender process & full handover within the timeframes is not practical & would further increase this risk.

Total value of the contract/lot/concession: £999,999

Section VI. Complementary information

VI.3) Additional information

IBM are providing maintenance & technical support services for the Net Zero Go & Net Zero Market projects.

The original procurement exercise was for £1m and the spend to date is at £970k - with another year left to run on the maintenance element.

The current quote for a continuation of maintenance services covering both platforms for FY24/25, is £250k across a 12-month period.

We are therefore making an extension to the procurement exercise from £1m to £1.25m under Reg 72.
