## **Engagement**

### **Engagement deadline**

12 December 2025

The engagement was carried out before this notice was published.

### **Engagement process description**

Initial market research was conducted with three companies working in the field of rail industry competency management software. Through industry contacts and internet search, Translink identified three organisations as potential providers: Assesstech, Velociti, and Rail Professional Development. These companies were introduced to Translink's anticipated project requirements: implementation of a Digital Competency

Management System (DCMS) - a single, secure digital platform that replaces paper files, automates scheduling, and enables live, tablet-based assessments. The suppliers provided virtual demonstrations of existing software. Full PME reporting is logged on Translink internal systems.
