VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The Natural History Museum exists to inspire a love of our natural world and unlock big issues facing humanity and the planet. A central campaign concept is needed to launch the next seasonal campaign with the new brand identity and tone of voice as created by Pentagram. That style then will be implemented also in the following seasonal campaigns by the NHM design team. The campaign needs to contain multiple narratives, messages, themes or topics, as well as aimed at multiple audiences.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of

cost preventing a change of contractor:

The Contractor is familiar with all aspects of the new brand identity and its rollout. For technical reasons, the additional services require an in-depth knowledge of the new brand identity and its design and development. A new contractor would require significant additional time in which to gain this knowledge - at significant inconvenience and duplication of cost and time.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £44,880

Total contract value after the modifications

Value excluding VAT: £262,714
