Delivery Partner for Growing Brixton's Rec Quarter – 49 Brixton Station Road and 6 Canterbury Crescent

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The Council intends to enter into a deed of variation with London Square Developments Limited (the Developer) and London Square Limited (the Guarantor) in relation to an existing development agreement between the parties (the Underlying Contract) which was entered into on 28 September 2022 to ensure the viability and deliverability of the scheme under the Underlying Contract. The key variations comprise a reduction in the minimum level of commercial workspace required in alignment with Local Plan policy for mixed-use regeneration schemes, a reduction in minimum affordable housing levels from 50% to 40% and a reduction in the Council's land receipt in line with revised financial modelling and which represents best consideration in today's market.

II.1.6) Information about lots

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This VEAT gives notice that the Council is entering into a deed of variation (the "Deed") to amend the Underlying Contract. A procurement procedure is not necessary on the basis that the award of the Contract is permitted pursuant to regulation 72(1)(c) of the Public Contracts Regulations 2015. The need for modification has been brought about by significant domestic and international economic turbulence, including substantial build cost inflation, rises in UK interest rates and ongoing shifts in how businesses use and occupy workspace post-Covid together with the implementation of legislative and regulatory changes with respect to Building Safety . The overall scheme remains broadly the same in nature delivering newbuild housing, workspace, street market facilities and public realm improvements. The Council has obtained external commercial advice which has reviewed the revised financial appraisal to confirm that it is within reasonable tolerances based on industry benchmarking. The Developer's percentage return has reduced. Moreover, the proposed variation is also not substantial within the meaning of regulation 72(1)(e) of the Public Contracts Regulations 2015.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
