II.2.2) Additional CPV code(s)

- 65110000 - Water distribution

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

The primary objective is to establish a DPS solution to provide contracts using fixed price and portfolio procurement solutions for water.

The DPS will be not be divided into defined Lots. Instead suppliers are asked to complete a matrix to provide details of the utilities and procurement strategies that they can undertake. A brief description of each of the available work streams is provided below:

- Fixed Price offering, Water
- Portfolio offering, Water

Accordingly, we are looking to work with suitably qualified UK licenced suppliers who have experience in designing and implementing innovative product and service solutions to meet those needs.

This Water Procurement Services Dynamic Purchasing System (DPS) is intended to be utilised and owned by Places for People Procurement Hub and managed by Inenco. It is intended that this DPS will be capable of being used by contracting authorities in the United Kingdom.

This procurement is being undertaken by Inenco, with Places for People as the contracting authority for itself and as lead authority for the benefit of other organisations that will be set out in the contract notice. Accordingly, it is the intention that these other UK public organisations should be able to rely on this procurement to purchase such goods and services without the need for any further procurement process.

This agreement will provide an OJEU compliant platform which any contracting authority as defined by Regulation 2 of the Public Contracts Regulations 2015 can procure energy via the tender process subsequent to the DPS being established.

Further competitions will be on a client by client basis and all suppliers who pass this SQ and meet the client's requirement in terms of utility and procurement strategy will be invited to tender.

Please indicate which work streams you wish to be considered for opportunities let through the Dynamic Purchasing System (DPS) by completing the relevant sections of the documents provided on the Delta Procurement Hub portal.

Suppliers will only be invited to compete in tender exercises for the work streams applied for. It is the responsibility of the Supplier to keep Inenco informed of any changes to the work streams applied for and locations selected.

Supplier Eligibility

To participate in this procurement the supplier must confirm that for each and all of the work streams applied for within this DPS your organisation is fully licensed to supply water and waste-water in accordance with Ofwat regulations.

Please note that this is a mandatory requirement, and Suppliers who do not meet this criteria will not be accepted onto the DPS.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

120

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
