II.1.4) Short description

County Durham is developing a proposal for a different way of working with our communities and delivering interventions, at a locality place-based level. With this in mind we are seeking a group of organisations to work with us in an Alliance.

The aim of the Alliance is to co-produce, co-ordinate and provide a range of support services for people with mental health needs.

The Alliance will provide support to people to become independent and, where possible, prevent the need for social care services along with support to step down from services, by providing the right support at the right time.

The service will need to promote wellbeing as a concept to individuals in order to build resilience and help keep individuals mentally, emotionally, and physically well. The service should sign-post or support individuals to take part in activities that promote wellbeing.

The Alliance will include the providers and commissioners and will help improve access to information and support, remove the barriers between services and departments, improve and strengthen partnership working and further integrate care and health services.

The proposed funding will be circa £2.3m annually, and it is hoped that this can be maintained during the life of the contract, however, this is reliant on national fiscal policy and local circumstances.

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Contracting Authority incorporated a standstill period at the point information of the award of the Contract was communicated to bidders. That notification provided full information on the award decision. The standstill period which was for a minimum of 10 calendar days, provided time for the unsuccessful bidder to challenge the award decision before the contract is entered into. The Public Regulations 2015 provide the aggrieved parties who have been harmed or at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
