II.1.4) Short description

Southend on Sea City Council are carrying out this procurement in the form of an Open Tender for the provision of the Back of House Refurbishment works to Southend Crematorium in order to accommodate 3 new Cremators and associated plant. The manufacture, supply, and installation of the 3 new cremators, associated plant and temporary external cremator will be carried out by Facultatieve Technologies (FT) who have been appointed by SCC under a JCT 2016 Design and Build Contract. It is a condition of this tender that the contract with FT will be novated over to the successful Contractor once they are appointed.

The refurbishment works includes the replacement of the three existing cremators and plant including a temporary external cremator to allow the crematorium to operate during the works (to be carried out by FT). It will also include the demolition of the existing brick chimney, renewal of the flat roof coverings, and structural and internal alterations to the internal spaces to create a more efficient work environment.

The contract will be let under JCT 2016 Design and Build Contract with Employers Requirements, drawings, contract sum analysis, building specification, mechanical and electrical specification, and structural specification. The contractor will be expected to complete the detailed design of RIBA Stages 4 to 7 as outlined in the specification and accompanying tender documents
