Engagement

Engagement deadline

20 February 2025

The engagement was carried out before this notice was published.

Engagement process description

LSTM engaged with the market to establish the market interest in potentially joining framework for sequencing services. This was done in October/ November 2024. No specific details of the scope were shared, companies were contacted to see if they would be interested in joining our framework as this is the first time the school has undertaken this, and we were unsure of the feasibility.

All interested parties are welcome to bid regardless of whether LSTM has previously been in contact enquiring about your interest. The tender is open to all bids.
