II.1.4) Short description

The CAM vision is for an expansive autonomous vehicle metro-style network that seamlessly connects regional settlements, major city fringe employment sites and key satellite growth areas across the region with key railway stations and Cambridge city centre, helping to nurture and sustain long-term regional economic growth.

The CPCA, with and on behalf of ONE CAM Ltd, are seeking to establish a framework agreement covering various work streams that are required to develop the Cambridgeshire Autonomous Metro whilst integrating with the Market Towns delivery projects. This to include progressing the project through the treasury green book business case process and then supporting the overarching master planning for the project and progression through into the early works and potentially delivering the project design requirements.
