Reserved Procurement - Active Filter Change Robot Mechanical Modifications

Nuclear Restoration Services Limited (Dounreay)

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-008403

Procurement identifier (OCID): ocds-h6vhtk-04eaaf

Published 7 March 2025, 3:43pm

Scope

Description

This package of work includes 3 aspects, which require varying degrees of design work, in addition, the contractor is to manufacture all specified items to the agreed designs and standards. An 'Integration review' is to be held once the robot is manufactured and the two design packages are at detailed design. Robot: Manufacture all items detailed in the detail design drawings to the specified tolerances and in accordance with the specified standards. Some components are to be modified from existing components, supplied by NRS. Alpha panel: The alpha panel design to be progressed from approved scheme to detail design and manufactured. Shield wall: The shield wall design to be progressed from approved scheme to detail design and manufactured
