## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Portfolio, programme and project management (PPM) solution

Reference number

CW37913

#### **II.1.2) Main CPV code**

- 48330000 - Scheduling and productivity software package

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

In line with HMRCs 10 year tax strategy, the Department has a core directive to improve the way in which it delivers effective portfolio and project management across its Transformation Group. This is a highly complex environment and encompasses a multiyear portfolio in excess of £4 billion. As an enabler to this strategy, an appropriate IT solution in the form of a portfolio and project management tooling solution, is required in order to support the delivery of these objectives. Therefore, through this procurement exercise the Department is looking for suppliers who are able to provide:

- A portfolio and project management tooling solution
- Professional services to aid the implementation, integration, development, maintenance and training of the chosen solution

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Lowest offer: £1,709,000 / Highest offer: £8,999,999 taken into consideration

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 48330000 - Scheduling and productivity software package
- 72212330 - Scheduling and productivity software development services
- 72212331 - Project management software development services

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

Key Features of the IT Procurement are below as included in the contract notice

- A turnkey portfolio software as a service (SaaS) solution will include the software needed to install the solution and the professional services including: implementation, integration, and training required to support its delivery.
- The solution will be vendor and technology agnostic in the form of a Commercial-Off-the-Shelf (COTS) package, yet it should still retain flexibility to be configurable to the Departments requirements, but within HMRCs architectural boundaries for customisation.
- The scope of this procurement is intended to be an HMRC enterprise level solution owned under the Transformation portfolio budget, but with significant input from interested parties such as CDIO.
- This procurement will procure a portfolio solution; however, the competition will also test

the markets capabilities for a project solution as-well.

- The functionality of the tooling will cater for portfolio management and have the flexibilities to take in data and information from project management disciplines such as agile and waterfall and other bespoke work processes by ensuring interaction and integration with key tools such as, but not limited to, Jira (commonly used for agile) and MS Project (commonly used for waterfall).

The procurement is awarded on the immediate need for the the portfolio solution. The procurement and subsequent contract caters for expanding the solution to cover the Authorities Programme and Project level needs.

### **II.2.5) Award criteria**

Quality criterion - Name: Technical capability / Weighting: 50

Quality criterion - Name: Social Value / Weighting: 10

Cost criterion - Name: Total Cost / Weighting: 30
