Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Research

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

UKRI-1146 SWIMMR S1 Space System S1 Trusted Space

Reference number

UKRI-1146

II.1.2) Main CPV code

- 32530000 - Satellite-related communications equipment

II.1.3) Type of contract

Supplies

II.1.4) Short description

SWIMMR S1 Space System

S1 Trusted Space

II.1.5) Estimated total value

Value excluding VAT: £1,500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

SWIMMR will develop and deploy new instruments, models and services to support the UK space weather community and the Met Office Space Weather Operations Centre. This programme will significantly add to the UK's capability to predict and mitigate the hazards of space weather, as well as providing a basis for wider international collaboration over the lifetime of the proposal and beyond.

The funding forms part of the Strategic Priorities Fund (SPF), delivered by the UK Research & Innovation (UKRI) to drive an increase in high quality multi- and interdisciplinary research and innovation. It will ensure that UKRI's investment links up effectively with government research priorities and opportunities. The programme is a collaboration led by the Science and Technology Facilities Council (STFC) with NERC and supported by the Department for Business, Energy and Industrial Strategy (BEIS), the Department for Transport and the Ministry of Defence. The programme has been outlined in close association with the Met Office Space Weather Operations Centre (MOSWOC).

The programme will be delivered through a series of activities managed by either STFC or NERC.

The "Trusted Space Sensor" tender is the procurement of an instrument with a spacecraft host to gather radiation data from space over at least one year in space and is part of the "S1: Improved in-situ radiation measurements for space and aviation" project.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 90

Cost criterion - Name: Price / Weighting: 10

II.2.6) Estimated value

Value excluding VAT: £1,500,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

12

This contract is subject to renewal

Yes

Description of renewals
