# **Section II: Object**

## II.1) Scope of the procurement

#### II.1.1) Title

Ealing ICT Cyber Security Contract 2023

Reference number

DN634936

### II.1.2) Main CPV code

• 48220000 - Internet and intranet software package

## II.1.3) Type of contract

Supplies

#### II.1.4) Short description

Ealing Council required a range of managed security services provided by a trusted single source supplier who could provide flexible and integrated support over a 3 year contract term. This was to replace the existing contract for these services that expired on 28th February 2023. The contracting authority was seeking to procure services for:

- 1) Managed Security Operations Centre (SOC)
- a) Security monitoring, threat protection, threat hunting and incident response covering a digital estate of over 4000 endpoints and 300 servers, across Windows, Linux, and Cloudbased (Azure) operating systems and environments;
- b) Incident investigations, triage, and response;
- c) Vulnerability scanning of many IP ranges / hosts with remediation tracking.
- 2) Incident Response
- a) Implementation of joint incident response processes for major incidents, out-of-band communication mechanisms, and management plans Incident investigations, triage, and response;
- b) Forensic analysis of indicators of compromise and analysis of malware samples to understand the extent of a compromise should it occur;

- c) Rapid remote interception of, containment of, and response to live cyber threats;
- d) Triage and first response without requiring intervention from Ealing personnel;
- e) This should be read and answered in conjunction with the SOC requirement as complimentary services/capabilities.
- 3) Penetration Testing
- a) Security audits and assessment including penetration testing of web applications and infrastructure, configuration and build reviews, etc...
- b) IT Health Check Testing delivered by suitably qualified and experienced personnel, in accordance with NCSC Protocols;
- c) 'Red Team' attack simulation services;
- d) The supplier should be able to provide resourcing for approximately 100 days of penetration testing per annum.

The Council awarded a call off contract to Jumpsec Limited from the Crown Commercial Services Dynamic Purchasing System (DPS) "Cyber Security Services 3 - RM3764.3", in accordance with the rules of the DPS for the provision of ICT Cyber Security Services for a duration of three years commencing on the 1 March 2023, with a budget of £0.360m per annum.

#### II.1.6) Information about lots

This contract is divided into lots: No

#### II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,080,000
