II.1.4) Short description

Bromford requires the supply of high-quality offsite housing construction works, goods and services.

The scope for this procurement process is to establish a framework agreement covering a range of offsite manufacturing and onsite techniques that provide alternatives to traditional house-building methods to include the development of small to large sites.

The framework will include the following material genres:

Light gauge steel frame (LGS) and cross laminated timber - factory built under a quality controlled environment & delivered as a complete unit.

Cross laminated timber (CLT) - factory built under a quality controlled environment, delivered part complete to site, external facades add after assembly

It is Bromford's aim to deliver 50 homes in year 1 and 100 - 200 homes in years 2 and 3 so based on this information Bromford anticipate the estimated value of the contract (both lots 1 and 2) to be £7m in year 1 and up to £50m in year 3.
