Works

II.1.4) Short description

Kent County Council (the Council) is the largest local authority in England covering an area of 3,500 square kilometres. It has an annual expenditure of over £1bn on goods and services and a population of 1.6m. The Council provides a wide range of personal and strategic services on behalf of its residents, operating in partnership with the NHS Kent and Medway Clinical Commissioning Group, 12 district councils, and 289 parish/town councils. KCC consists of four directorates:

- Adult Social Care and Health;
- Children, Young People and Education;
- Growth, Environment and Transport; and
- Strategic and Corporate Services.

This service is being commissioned on behalf of the Growth, Environment and Transport directorate.

II.1.5) Estimated total value

Value excluding VAT: £5,500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ4 - Kent

II.2.4) Description of the procurement

Scheme information

Due to their close geographic proximity, it is intended to procure the A20 Coldharbour Roundabout and Hall Road Junction schemes together as a single package.

The A20 Coldharbour Roundabout scheme requires the design and construction of a new larger roundabout to replace the existing signal-controlled roundabout junction on the A20 at Coldharbour Lane. The junction connects the A20 corridor to the Strategic Road Network at Junction 5 of the M20. The site is located 2km to the north-west of Maidstone, Kent on the A20 corridor between Allington and Aylesford.

The existing crossroad junction between the A20, Hall Road and Mills Road, approximately 500m to the west of the Coldharbour Roundabout, is to be improved by the design and construction of a lozenge shaped roundabout to replace the existing traffic signal-controlled junction. The Hall Road junction forms the only point of access to the busy Quarry Wood Industrial Estate and South Aylesford Retail Park.

The intent of both schemes is to support the level and distribution of development being proposed in the Tonbridge and Malling Borough Council and Maidstone Borough Council Local Plans, with new home allocations of around 843 dwellings per annum (dpa) and 883 dpa respectively. Furthermore, the schemes aim to ease congestion along the A20 corridor in Aylesford.

Suppliers should note and be aware that there is the possibility that the A20 Hall Road Junction Improvement may be withdrawn from the Contract, prior to the ITT being issued. In this situation the ITT will be issued for the A20 Coldharbour Roundabout only

The construction cost budget for the A20 Coldharbour Roundabout scheme is £3.5m and for the Hall Road Junction scheme it is £2.0m

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement

documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

9 January 2023

End date

28 June 2024

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3

Maximum number: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Competitive procedure with negotiation

IV.1.5) Information about negotiation

The contracting authority reserves the right to award the contract on the basis of the initial tenders without conducting negotiations

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information
