## I.4) Type of the contracting authority

Regional or local authority

### I.5) Main activity

General public services

## Section II: Object

## II.1) Scope of the procurement

II.1.1) Title

#### CP2254-22 Devon Resilience Innovation Project (DRIP) Smart Gullies Trial

Reference number

DN634759

#### II.1.2) Main CPV code

• 71631440 - Flow-monitoring services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

An opportunity to work with DCC to trial smart gully sensor technology in highway gullies across Devon to determine if they can be used to inform gully clearing schedules and work as a warning system for flooding. The trial will be run in four locations across Devon including rural and urban areas. This is a trial that will run from autumn 2023 to spring 2025 capturing data over two winters. DCC Highways and DCC Flood and Coastal Risk Management team are working together on this trial, which has been funded through the Flood and Coastal Risk Innovation Programme. DCC wants to find innovative solutions using technology to address highway and flooding issues.

#### II.1.6) Information about lots

This contract is divided into lots: No

## **II.2) Description**

#### II.2.2) Additional CPV code(s)

- 45000000 Construction work
- 71631440 Flow-monitoring services
- 72000000 IT services: consulting, software development, Internet and support
- 90710000 Environmental management
