Contract

## **Electrical Safety Framework - 469-NYC-RS**

The North Yorkshire Council

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-008653

Procurement identifier (OCID): ocds-h6vhtk-058d70 ([view related notices](#))

Published 30 January 2026, 4:43pm

### **Scope**

### **Reference**

102024

### **Description**

The works under this framework will cover both commercial and domestic properties comprise the co-ordination, management, administration, and completion of works for Electrical Inspection, Testing, Responsive Maintenance, Repairs and Remedial works. The purpose is to ensure all activities carried out under this agreement comply with health and safety standards and are properly maintained.

### **Commercial tool**

Establishes a framework

## **Lot 1. Lot 1 - Property (Commercial)**

### **Description**

The works under this contract comprise the co-ordination, management, administration, and completion of works for Inspection, Testing, Responsive Maintenance, Repairs and Remedial works on Fixed Electrical Equipment and High Voltage testing to ensure that all under this agreement meet health & safety requirements and are maintained appropriately.

---

## **Lot 2. Lot 2 - Housing North (Domestic)**

### **Description**

The Authority has Operational Teams who are responsible for carrying out the day-to-day maintenance, Improvement works, minor adaptation works, planned works, void works and new build development of the housing assets. However, we require backup sub-contractors to ensure repairs are carried out within the Testing, remedials, voids, full rewire standard Timescales for all housing and complex sites. This Lot will cover the North of the County as shown in Lot 2 - Appendix 3 - North Area List.

---

## **Lot 3. Lot 3 - Housing South (Domestic)**

### **Description**

The Authority has Operational Teams who are responsible for carrying out the day-to-day maintenance, Improvement works, minor adaptation works, planned works, void works

and new build development of the housing assets. However, we require backup sub-contractors to ensure repairs are carried out within the Testing, remedials, voids, full rewire standard Timescales for all housing and complex sites. This Lot will cover the South of the County as shown in Lot 3 - Appendix 4 - South Area List.

---

## **Framework**

### **Maximum percentage fee charged to suppliers**

0%

### **Framework operation description**

The Framework is broken down into 3 Lots.

- Lot 1 - Property (Commercial)
- Lot 2 - Housing North (Domestic)
- Lot 3 - Housing South (Domestic)

A maximum of two suppliers have been appointed to each Lot. There is a first ranked and second ranked supplier for each Lot. Services and works will be awarded to the first ranked supplier for the respective Lot. Where the first ranked supplier does not have the capacity to undertake the work, the Authority will approach the second ranked supplier.

Prices will be determined based on a basket of goods. There is no guarantee of the level of spend across the contract term.

### **Award method when using the framework**

Either with or without competition

## **Contracting authorities that may use the framework**

Establishing party only
