- 80000000 - Education and training services

### **II.1.3) Type of contract**

Services

### **II.1.4) Short description**

Prior Information Notice (PIN)

To note: This PIN does not signify the commencement of any competitive process and does not constitute any commitment by the Department for Education (DfE). If DfE decides to commence any competitive process(es) as contemplated by this notice, a separate notice(s) will be published at the relevant time.

DfE has previously published its commitments to Further Education (FE) providers in the Skills for Jobs: Lifelong Learning for Opportunity and Growth White Paper. The paper identifies a need to ensure all FE providers are professionally managed, governed and have the best quality teachers and lecturers. In doing so, we will ensure that post-16 further education students have access to world-class technical and vocational education, providing the skills both individuals and employers need for the future economy.

Purpose of this notice

The purpose of this PIN is to inform the market that DfE is considering how to evaluate the delivery of activities that support teachers in Further Education providers who teach learners who are continuing to work towards Level 2 in English and maths.

Achieving a level 2 qualification in both maths and English, through GCSE or Functional Skills Qualifications (FSQs), helps students to progress to further study, training and skilled employment. The maths and English Condition of Funding ('resit' policy) ensures that all 16 to 19-year-olds have the best chance of achieving this standard and get the necessary support to do so.

DfE is committed to this policy and therefore, to supporting teachers of learners continuing to work towards their Level 2 in English and maths. It is important that teachers in Further Education providers have access to the best development which focuses on the skills needed to help resit learners achieve their potential. DfE want to understand the needs of FE providers and identify best practice to inform future policy delivery and aims to do this through research.

Early in the summer DfE intends to invite bids for grant funding from organisations with policies, objectives and activities that are aligned to those of DfE, to better achieve the

desired outcomes for FE providers in England. Organisations that are currently, or have an interest in, undertaking robust, large-scale research (including Randomised Control Trials) will be invited to bid to contribute to the evidence base of what works in improving outcomes for resit learners in the classroom and in developing continuous professional development interventions for teachers in Further Education providers.

How to engage

DfE is holding an introductory market engagement webinar via Microsoft Teams at 1pm on Tuesday 26 April 2022 which will run for approximately 45 minutes. If any organisation is interested in a short 1-2-1, please register your interest via Jaggaer.

## Section IV. Procedure

### IV.1) Description

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

---

## Section VI. Complementary information

### VI.3) Additional information

This is a market engagement event only. All information regarding this market engagement event can be found via the departments e-tendering portal. Requests to participate must be submitted through the below mentioned address.

[education.app.jaggaer.com](https://education.app.jaggaer.com)

To participate in this opportunity and register your organisation's interest in attending the webinar, please register for an account and view the "current opportunities" page at Jaggaer <https://education.app.jaggaer.com> and search for: "Project\_6798 Large Scale Research for Post-16 maths and English CPD". All communications with DfE will be held via Jaggaer.

Once you have located Project\_6798, please confirm your interest by selecting "Express Interest" to receive full access to the opportunity. All relevant documentation will be made available in the Data Room, accessed via the "Buyer Attachments" section, under "ITT Details."

Please note, you must answer the question within the "My Response" section and submit your response to ensure registration at the webinar. You can then use the messaging function to provide attendee details (a maximum of 3 attendees).

Once your organisation has expressed interest, you will be invited to provide details of your attendee list for the webinar via the messaging function within Project\_6798. A meeting invitation will then be issued.

All organisations who have expressed an interest in this opportunity, including those who are unable to attend the webinar will have access to relevant information and any supporting notes which will be made available via the Data Room within Project\_6798

Large Scale Research for Post-16 maths and English CPD at  
<https://education.app.jaggaer.com>.

#### Further Information

The main purpose of the market engagement event is to raise awareness of the relevant service elements and to provide high level background information to help the market develop an understanding of the service requirements.
