Description

North Northamptonshire Council (NNC) are pleased to advertise that we will be going out to tender for care and support in accommodation-based services for individuals who are Autistic or have Mental Health Needs.

We are looking to recommission services currently provided through the jointly commissioned Any Qualified Provider (AQP) Supported Accommodation Framework.

NNC's preferred model of service delivery is for a separation between the landlord and the support provider.

Services will be delivered using a strength based and outcomes focused model demonstrating innovation and quality of services. Providers must be able to work in partnership with the Council, Health colleagues and Housing Providers to develop services in line with best practice, over the lifetime of the Contract.
