II.2.4) Description of the procurement

UK Research & Innovation (UKRI), through the Innovate UK (IUK), has recently launched its Net Zero Living: Thriving Places programme supporting local authorities and their partners to tackle key, non-technical barriers to deploying net zero solutions at the local level. At the heart of this programme is the Future Ready Academy, a capacity building and upskilling support package including developing communities of practice, providing communications, providing 121 support, coordinate technical training providers and generate programme insights. IUK would be looking for a critical delivery partner to work collaboratively with us and other specialist providers to codesign, develop and deliver these exciting Future Ready Academy activities. Therefore, IUK is holding a supplier engagement day via Zoom webinar on April 3rd, 23 at 2 pm. The details of the webinar can be found in Section II.2.14. Please join us to find out more. Please note that the date relating to the publication of the contract notice is tentative and may be subject to change. All future tender documentation will be made available via Delta e-sourcing portal and potential bidders should register on Delta to ensure they have access to all tender documentation when the tender is published.
