Historically, NGN have purchased this type of valve from one organisation, as alternative options were not readily available in the marketplace.

NGN has now identified an alternative UK source for the supply of this equipment.

From an engineering / technical perspective these valves provide significant advantages and security of supply.

They also have a shorter lead time which in this instance is critical.

NGN has therefore made the decision to source these valves from this supplier (Goodwin) to firstly ensure the continued uptime of its strategic asset but also to prove the existence of a viable alternative to the existing solution which will if proven successful, enable competitive as opposed to single sourcing in the future thereby driving value and improved security of supply.
