Lightweight Manufacturing Institute (LMC)

II.2.4) Description of the procurement

The University of Strathclyde requires a single suitably qualified and experienced supplier to

supply, deliver and commission a Wet-laid system, on-site at NMIS.

The requirement will encompass the below noted non-exhaustive list:

- The required Wet-laid system will have the ability to produce nonwoven mats with a board range of fibres, including but not limited to: glass fibre, carbon fibre, nature fibre, etc.
- The equipment must be compact, of R&D-scale, and able to produce nonwovens from small quantities of fibres to allow for quick and easy screening of products properties.
- The provision of the system will include stock preparation, wet-laid forming, dewatering, binder application, dryer and winder and can be tailored for low to high production volumes.
- The resulting nonwoven fibre mats shall fit in many industrial applications including but not limited to; building and construction, filtration, and transportation end-uses.

This equipment must have a fully automated control system and be able to be equipped or modified in future to add more functionality to the products

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Cost criterion - Name: Cost / Weighting: 40
