- UKM82 - Glasgow City

Main site or place of performance

Lightweight Manufacturing Institute (LMC)

### **II.2.4) Description of the procurement**

The University of Strathclyde requires a single suitably qualified and experienced supplier to supply, deliver and commission a Wet-laid system, on-site at NMIS.

The requirement will encompass the below noted non-exhaustive list:

- The required Wet-laid system will have the ability to produce nonwoven mats with a board range of fibres, including but not limited to: glass fibre, carbon fibre, nature fibre, etc.

- The equipment must be compact, of R&D-scale, and able to produce nonwovens from small quantities of fibres to allow for quick and easy screening of products properties.
- The provision of the system will include stock preparation, wet-laid forming, dewatering, binder application, dryer and winder and can be tailored for low to high production volumes.
- The resulting nonwoven fibre mats shall fit in many industrial applications including but not limited to; building and construction, filtration, and transportation end-uses.

This equipment must have a fully automated control system and be able to be equipped or modified in future to add more functionality to the products

### **II.2.5) Award criteria**

Quality criterion - Name: Quality / Weighting: 60

Cost criterion - Name: Cost / Weighting: 40

### **II.2.11) Information about options**

Options: Yes

Description of options

The Contracting Authority reserves the right to request additional deliveries by the successful Tenderer, either intended as partial replacement of supplies or installations or as extensions of existing supplies and installations.

The Contracting Authority may at it's sole discretion exercise this option.

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

## **Section IV. Procedure**
