No

**VII.2) Information about modifications**

**VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The contract is modified and to be extended by a further 18 months.

The value of the extension period as an additional £645,000 GBP (maximum).

#### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

EANI intended to on-board to the new NI Public Sector Collaborative Banking contract which was due to award prior to March 2022. Delays have meant EA has not been able to commence this contract. This modification period will allow all banking services to be transferred to the new contract without any break in service which would be ruinous for the EA in its ability to deliver service.

Regulation 72(1)(B) applies:

(i) for economic or technical reasons. EA's finance systems are reliant on the banking provider's systems and a change of contractor now would have interoperability issues for the EA.

(ii) Would cause significant inconvenience or substantial duplication of costs for the contracting authority. It would cause substantial duplication of costs for the EA to move to another banking provider while the Collaborative Tender concludes.

(iii) Provided that any increase in price does not exceed 50% of the value of the original contract. The extension is estimated £645,000 max, it does not exceed 50% of the original contract (£1,485,000).

#### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,420,000

Total contract value after the modifications

Value excluding VAT: £2,065,000
