VI.4) Procedures for review

VI.4.1) Review body

Nplaw

Norwich

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Council incorporated a standstill period at the point when information on the proposed award of the contract was communicated to tenderers. The standstill period, which was for a minimum of ten calendar days, provided time for unsuccessful tenders to challenge the award decision before the Contract is entered into. Aggrieved parties who have been harmed or are at risk of harm by any breach of the Council's obligations may take action in the High Court (England, Wales and Northern Ireland). Proceedings must be brought within 30 days from the date of knowledge (the date on which the economic operator first knew or ought to have known that grounds for starting the proceedings had arisen) unless the Court considers that there is good reason for extending the period within which proceedings may be brought, in which case the Court may extend that period up to a maximum of 3 months from the date of knowledge.
