II.2) Description

II.2.3) Place of performance

NUTS codes

- UKE31 - Barnsley, Doncaster and Rotherham

Main site or place of performance

Bassetlaw, North Nottinghamshire

II.2.4) Description of the procurement

The intention is for this service to continue from April 2022 until October 2022 and to continue 3 contracts, one for each of the 'Primary Care Network' populations in Bassetlaw. Government intention is that following that time Extended Access provision will be transferred to the primary care networks on a permanent basis. This contract extension reflects the fact that the transfer has been nationally delayed from its intended date, April 2022

This intention is based on the following

The CCG considers it is clearly in the interests of continuity of care and integration with other local services to award these contract directly to groups of Bassetlaw GP practices, who form Primary Care Networks known as 'Primary Care Homes' together with other local partners.

This should ensure services are provided in a joined up way, as seamless as possible compared to 'in hours' provision from the perspective of both the patient and other healthcare professionals / organisations.

This will simplify communication and patient pathways, significantly reducing clinical risk

This will reduce information governance issues, as primarily the patient record will be accessed by the patient's own GP practice, or by another local practice with the patients consent.

Satisfaction ratings relating to access to local GPs are already amongst the highest in the

country, and we consider this is the best and most proportionate way of further developing this

This approach will best support the clinical benefits of the extended hours service having access to the 'patient list' and patients' GP records by using current providers, collaborating closely with other local services through their primary care home links.

The total value of the three contracts for the extension period is:

Retford & Villages PCN £75,139

Larwood & Bawtry PCN £50,613

Newgate Medical Group £42,640

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This intention to extend is based on the following

The CCG considers it is clearly in the interests of continuity of care and integration with other local services to award these contract directly to groups of Bassetlaw GP practices, who form Primary Care Networks known as 'Primary Care Homes' together with other local partners. This should ensure services are provided in a joined up way, as seamless as possible compared to 'in hours' provision from the perspective of both the patient and other healthcare professionals / organisations.

This will simplify communication and patient pathways, significantly reducing clinical risk

This will reduce information governance issues, as primarily the patient record will be accessed by the patient's own GP practice, or by another local practice with the patients consent.

Satisfaction ratings relating to access to local GPs are already amongst the highest in the country, and we consider this is the best and most proportionate way of further developing this

This approach will best support the clinical benefits of the extended hours service having access to the 'patient list' and patients' GP records by using current providers, collaborating closely with other local services through their primary care home links.
