#### **II.1.4) Short description**

Transport Scotland is an agency of the Scottish Government and contracts in the name of and on behalf of the Scottish Ministers. Transport Scotland identified a requirement to appoint suitably experienced contractors to perform various ancillary works in the vicinity of the A9 between Perth and Inverness, in advance of the A9 Dualling Schemes.

It has been concluded that this requirement would be best met through a multi-supplier framework agreement over a 4 years period, whereby works of varying size, value and complexity could be individually called-off as required.

To accommodate the various work types, the framework will be divided into lots: Lot 1 (works up to GBP 250k excluding piling); Lot 2 (works between GBP 250k and GBP 2m excluding piling); and Lot 3 (piling works up to GBP 350k)
