Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Tuberculosis Awareness Service

Reference number

DN649434

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

The London Borough of Ealing wishes to tender for a contract for the provision of a Tuberculosis (TB) Awareness Raising service.

It is envisaged that subject to governance the TB Awareness Raising contract will commence on the 1st of October 2023 for a period of 3 years with the possibility of one two (2) year extension. The annual value is £48,000 per annum with a total value of £240,000 (if all extensions used).

The service should provide awareness raising for residents through in-person events, stalls, and social media. This will also include community awareness taking place in a variety of settings such as libraries, faith settings, education areas, and NHS venues. The service should provide both in-person and online training for professionals who work with Ealing residents, so they themselves can raise awareness and signpost residents to services. This includes council staff, housing staff, voluntary and community sector groups, drug & alcohol teams, pharmacists, and primary care.

The TB Awareness Service prevents an exacerbation of the disproportionate effects that TB has on vulnerable populations. Ealing currently has the 2nd highest TB incidence in London, and the 3rd highest in the country

In 2011, Ealing was the 3rd most diverse borough in England & Wales with:

- Largest Polish population (21,507)

- Highest number of Afghans (6,789)
- Highest number of Serbians (441)
- 2nd highest number of Iranians (2,981)
- 3rd highest Somali population (2,835), with a further 535 Somalilanders
- 4th highest number of Arabs (10,076)

In 2018, 82% of Ealing residents with TB were born outside of the UK, but the majority had been in the UK for a long time. Ealing is one of the highest London boroughs providing support for people seeking asylum, with Southall having the highest number of asylum seekers with no recourse to public funds. In terms of deprivation, a high risk factor for TB, Ealing is the 2nd highest employment/income deprived borough in West London. Four areas within Ealing are in the 10% most deprived areas in the country.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The London Borough of Ealing wishes to tender for a contract for the provision of a Tuberculosis (TB) Awareness Raising service.

It is envisaged that subject to governance the TB Awareness Raising contract will commence on the 1st of October 2023 for a period of 3 years with the possibility of one two (2) year extension. The annual value is £48,000 per annum with a total value of £240,000 (if all extensions used).

The service should provide awareness raising for residents through in-person events, stalls, and social media. This will also include community awareness taking place in a variety of settings such as libraries, faith settings, education areas, and NHS venues. The service should provide both in-person and online training for professionals who work with Ealing residents, so they themselves can raise awareness and signpost residents to services. This includes council staff, housing staff, voluntary and community sector

groups, drug & alcohol teams, pharmacists, and primary care.

The TB Awareness Service prevents an exacerbation of the disproportionate effects that TB has on vulnerable populations. Ealing currently has the 2nd highest TB incidence in London, and the 3rd highest in the country

In 2011, Ealing was the 3rd most diverse borough in England & Wales with:

- Largest Polish population (21,507)
