Reference number

NW2024-55

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS Norfolk and Waveney Integrated Care Board (referred to as the Commissioner) seek competitive bids in relation to the Provision of a Community Pulmonary Rehabilitation service across West Norfolk.

Pulmonary rehabilitation is a multidisciplinary, individually- tailored programme that promotes self-care and self-management for patients with chronic respiratory impairment. To achieve maximum health gains, comprehensive programmes need to include the following fundamental components: disease education, self-management advice and structured physical exercise. The service will assess, counsel, enable and support patients through the programme and carry out appropriate tests to measure efficacy of outcome. The service will plan and administer booking arrangements for patients. The service will be flexible and responsive, adapting to the individual need in terms of their circumstances, e.g., learning difficulties, culture, ethnicity, language, and disability.

To register your interest and access the Documents, supporting information and express your interest in delivering this service please visit Atamis using the following link; <https://health-family-contractsearch.secure.force.com/?searchtype=Projects>. The opportunity can be found via the 'Live Opportunities' list. You can search for the opportunity by entering the following contract reference: C256362 ID number.

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKH1 - East Anglia

Main site or place of performance

West Norfolk

II.2.4) Description of the procurement

NHS Norfolk and Waveney ICB seeks competitive bids for the provision of a Pulmonary Rehabilitation Service within West Norfolk. Pulmonary rehabilitation is a multidisciplinary, individually- tailored programme that promotes self-care and self-management for patients with chronic respiratory impairment. To achieve maximum health gains, comprehensive programmes need to include the following fundamental components: disease education, self-management advice and structured physical exercise. A standard pulmonary rehabilitation programme should consist of a minimum of 6 weeks of two sessions per week physical exercise, disease education, nutritional, psychological, and behavioural interventions. Programmes must also include an initial assessment session, a post rehabilitation assessment session at completion of the programme and medications reviewed and optimisation recommendations made to primary care in line with local guidance prior to entry onto a programme.

The service will assess, counsel, enable and support patients through the programme and carry out appropriate tests to measure efficacy of outcome. The service will plan and administer booking arrangements for patients. The service will be flexible and responsive, adapting to the individual need in terms of their circumstances, e.g., learning difficulties, culture, ethnicity, language, and disability.

Care pathway.

Pulmonary rehabilitation is an active process. The following are the recommended components of a comprehensive PR programme. Providers are encouraged to explore alternative options integrated with appointment letters to supplement formal attendance at sessions such as Web based information / app's, podcasts, written information, and telephone support to address attendance issues, due to geographic isolation and self-care sustainability.

Stages 1- 4 outlined below reflect the requirements for each core stage in the pulmonary rehabilitation pathway.

Stage 1 – Manage referral and recruit patient.

Stage 2 – Assess patient for pulmonary rehabilitation.

Stage 3 – Deliver comprehensive pulmonary rehabilitation programme.
Stage 4 – Final Assessment and discharge.

The proposed contract is for a period of 3 years with the option to extend for up to an additional 2 years.

The service is a Schedule 3 Service and is being procured under the Light Touch Regime (LTR) of the Public Contract Regulations 2015.

To register your interest and access the Documents, supporting information and express your interest in delivering this service please visit Atamis using the following link; <https://health-family-contractsearch.secure.force.com/?searchtype=Projects>. The opportunity can be found via the 'Live Opportunities' list. You can search for the opportunity by entering the following contract reference: C256362 ID number.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £600,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No
