II.2.4) Description of the procurement at the time of conclusion of the contract:

Tenders were invited by the Council from Providers with relevant experience and ability to

demonstrate sufficient capacity for the provision of Kirklees Integrated Substance Misuse Services (the "Services"). The Council was looking to procure a service which encompasses the full range of substance misuse interventions including, but not limited to, early intervention approaches, harm reduction, structured care and recovery supports.

The service is part of a wider system that the Council wants to refocus to a whole system prevention and recovery model. It was the Council's preference that this service will be delivered by a formal partnership or providers, which includes Kirklees third sector organisations, who have the skills, experience and relationships (to be developed as necessary) required to deliver the specified outcomes. It is further anticipated that during the life of the contract the provider(s), in partnership with the commissioner, will develop a consortia model with key partners who are involved in the delivery of relevant pathways that contribute to the achievement of the specified outcomes.

The commencement date for the Contract was 1st October 2022 and the expiry date for the Contract is 30th September 2027 with the option to extend for up to a further sixty (60) months. Further details regarding the Services required are set out in the Specification and in the Conditions of Contract.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The additional funding (Supplementary Substance Misuse Treatment Grant (SSMTR)) which is being provided by national government is to support the improvements described in the December 2021 drug strategy, use of the SSMTR funding should directly address the aims of the treatment and recovery section of the strategy, our existing service specification is in line with the national strategy so this modification will further support that.

This funding will support the Service to go above and beyond what is already commissioned through the Integrated Service and will contribute towards achieving the outcomes that are described in the new drug strategy and Dame Carol Black's vision for drug treatment and recovery systems.

The funding is available must be spent in accordance with the menu of interventions provided by the Office for Health Improvement and Disparities (OHID) and subsequent planning spreadsheets submitted by the Local Authority for each financial year.

The funding allocations will be:

01/04/2025-31/03/2026 - £2,876,757.19

Any money not spent in the financial year, unless re-profiled in agreement with the Authority and OHID will be returned back to the Local Authority.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Supplemental funding was made available by the Government for substance misuse treatment and recovery (SSMTR).

The modification does not render the contract materially different in character and the cumulative change in the lifetime value of the contract since it was entered into is less than 25% of the lifetime value of the original contract. The modification is considered by the relevant authority to be compliant with Reg 13 of the Health Care Service (Provider Selection Regime) Regulations 2023.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £53,924,704.8

Total contract value after the modifications

Value excluding VAT: £56,801,461.99
