# **Section II: Object**

## II.1) Scope of the procurement

#### II.1.1) Title

Placement Management Solution (Higher Education)

Reference number

HUD-CLS-040

#### II.1.2) Main CPV code

• 48000000 - Software package and information systems

#### II.1.3) Type of contract

Supplies

#### II.1.4) Short description

The University of Huddersfield intends to implement a single system for student placement management. There are several systems already in use across the institution which will be replaced by the single procured solution. The single system will achieve the following outcomes: - Replace manual placement activity with a systemised process-Deliver a business-wide solution using a centralised system- Deliver operational dashboards to facilitate day to day placement management Implementation of a university wide placement management system to increase the efficiency of the administration of placement opportunities. The following objectives have been identified: - Procurement of a suitable commercial off the shelf (COTS) placement system developed for higher education usage - Development, customisation, and implementation of the system in a phased rollout - Support a standardised process for placement management across the University which includes automating parts of the process

#### II.1.5) Estimated total value

Value excluding VAT: £600,000

#### II.1.6) Information about lots

This contract is divided into lots: No

#### II.2) Description

#### II.2.2) Additional CPV code(s)

48000000 - Software package and information systems

#### II.2.3) Place of performance

**NUTS** codes

• UKE44 - Calderdale and Kirklees

#### II.2.4) Description of the procurement

The University of Huddersfield intends to implement a single system for student placement management. There are several systems already in use across the institution which will be replaced by the single procured solution. The single system will achieve the following outcomes: - Replace manual placement activity with a systemised process-Deliver a business-wide solution using a centralised system- Deliver operational dashboards to facilitate day to day placement management Implementation of a university wide placement management system to increase the efficiency of the administration of placement opportunities. The following objectives have been identified: - Procurement of a suitable commercial off the shelf (COTS) placement system developed for higher education usage - Development, customisation, and implementation of the system in a phased rollout - Support a standardised process for placement management across the University which includes automating parts of the process

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

Value excluding VAT: £600,000

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

The resulting agreement will have an initial duration of 2 years during which time the supplier will be required to deliver against all agreed milestones. Upon successful delivery against these milestones, the agreement will extend for an additional 3 years, with the option to extend for 2 further periods of 3 years and 2 years. The maximum agreement term is 10 years.

#### II.2.10) Information about variants

Variants will be accepted: No
