all Public Sector Bodies as stated in II.1.4.

Tenderers should note, in reference to Section IV.1.3), Envisaged maximum number of participants to the framework:

Where, following the evaluation of bids, more than one Tenderer is tied with the same final evaluation score and are ranked in the last supplier award position within a particular Lot, each of these tenderers shall be deemed to occupy the last Framework Agreement contract award position for the purpose of calculating the maximum number of Suppliers under the framework Lot.

The Contracting Authority will award a Framework Agreement to additional Tenderers beyond the stated maximum number on any particular Lot, where their final evaluation score (s) is within 0.5 % of the last placed position only. For the avoidance of doubt, the last placed position in respect of each Lot of this framework is 8th place on Lot 1 and 10th place on Lot 2. Therefore on a lot by lot basis, Tenderers within 0.5 %, along with the Tenderer in last placed position, shall be deemed to occupy the last Framework Agreement contract award position for each respective lot.

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Crescent Purchasing Consortium will incorporate a minimum 10-day standstill period at the point information on the award of contract is communicated to tenderers. Bidders who are unsuccessful shall be informed by the Contracting Authority as soon as possible after the decision is made as to the reasons why the bidder was unsuccessful. If an appeal regarding the award of the contract has not been successfully resolved, the Public Contracts Regulations 2015 provide for the aggrieved parties who have been harmed or who are at risk of harm by the breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any action must be generally brought within 3 months. If a declaration of ineffectiveness is sought, any such action must be brought within 30 days where the Contracting Authority has communicated the award of the contract and a summary of reasons to tenderers, or otherwise within 6 months of the contract being entered into. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the Contracting Authority to amend any document and may award damages. If the Contract has been entered into the Court may, depending on the circumstances, award damages, make a declaration of ineffectiveness, order the Contracting Authority to pay a fine, and/or order that the duration of the contract the shortened. The purpose of the standstill period referred to above is to allow the parties to apply to the Courts to set aside the award decision before the contract is entered into.
