No conflicts of interest were identified.

Relative Importance of the Key Criteria:

Quality and Innovation (20%) - We have worked with the provider for the provision of these services previously and they have shown good performance and worked with us to innovate services by piloting alternative models of delivery due to their ability to work in a flexible manner.

Value (30%) - The service provider has been able to demonstrate good value for money at a competitive rate which is supported by their already established and appropriate infrastructure to deliver this service.

Integration, Collaboration and Service Sustainability (20%) - This service is integrated into South Gloucestershire's life course healthy weight pathway which aims to keep people well in the community. The provider works closely with other local services within the healthy weight pathway, such as, primary care and tier 3 services, to ensure people access the most appropriate support at the right time.

Improving access, reducing health inequalities and facilitating choice (20%) - As a result of working with this provider we have been able to improve access and increase opportunities into healthy weight support and leisure facilities, as well as targeting provision at higher risk population groups.

Social Value - (10%) - The service provider is a well-established community asset and has the capabilities of delivering additional healthy lifestyles and wellbeing services in partnership with the Council and the wider health system.
