VII.1.7) Name and address of the contractor/concessionaire

FM Conway Limited

Sevenoaks

Country

United Kingdom

NUTS code

- UKJ4 - Kent

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The contract is a call-off contract from the London Highways Alliance Contract Framework. The call-off contract is extended for 24 months from 1 April 2021 to 31 March

2023.

The contractor, Conway Aecom Limited, ceased to trade on 1 April 2021 or shortly thereafter and the call-off contract was novated to FM Conway Limited.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The need for the extension of the contract has arisen from the Covid-19 pandemic. The Council's preferred strategy for delivery of the services post 31 March 2021 had to be delayed due to the pandemic. The Council's depot (which any insourced services would be delivered from) has been used for the Council's pandemic response. Additionally, the Council's financial position has changed as a result of the pandemic and further consideration of the affordability of options for delivery of the services going forward is necessary once the financial position is clearer. There was also a concern about potential lack of resources of bidders and Council officers to carry out the procurement of any new contract during additional waves of the pandemic.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £60,000,000

Total contract value after the modifications

Value excluding VAT: £76,000,000
