Estimated total value: The contract value (£71250) reflects the total minimum payment expected over the 6-month term. Under PA23 Section 20, the maximum potential revenue a concessionaire could generate would be higher (estimated average income on an ice cream van could be 10,000 per month Apr to Sep [peak] and 2,000 per month Oct to Mar [off peak] totalling 72,000 per year and multiplied by a 3 year contract, making the value around 216,000).
