Framework. A competitive process between the Suppliers in the relevant Lot, which may be preceded by a capability assessment, or an award without a competitive process to particular Supplier(s)

Schedule 7 of the Framework explains the rules for both a competitive selection process and an award without a competitive process.

A competitive selection process is the default ordering procedure under this Framework

Either with or without competition

Justification for not publishing a preliminary market engagement notice

The Authority has carried out preliminary market engagement. A Prior Information Notice (P.I.N.) under the Public Contracts Regulations 2015 was published on 2nd October 2024 on the Find a Tender Service (<https://www.find-tender.service.gov.uk/Notice/031584-2024>) and a formal Request for Information (RFI) issued. Meetings with potential suppliers were subsequently held. In carrying out preliminary market engagement the Authority is satisfied that:

- (a) suppliers who participated in the preliminary market engagement have not been put at an unfair advantage, and
- (b) competition in relation to the award of the public contract is not otherwise distorted.
