General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

TMF 2 - Tree Management Framework 2025 - 2029

Reference number

WCC/TMF2/82576

II.1.2) Main CPV code

- 77211500 - Tree-maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

The council is seeking to establish a tree maintenance framework to carry out works across the District (as defined by the map in tender) as directed in line with the council's annual tree programme. The council is responsible for c.45k trees and small woodlands across open and confined spaces (back gardens). The framework will be multisource with a preferred up to a maximum 6 suppliers over a 4 year period. The estimated total spend for the duration of this framework is within the range — GBP 300 000 to GBP 1,000,000 but this is not guaranteed

II.1.5) Estimated total value

Value excluding VAT: £1,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 77211500 - Tree-maintenance services

II.2.3) Place of performance

NUTS codes

- UKJ35 - South Hampshire
- UKJ - South East (England)
- UK - United Kingdom

Main site or place of performance

The Winchester City Council District

II.2.4) Description of the procurement

Winchester City Council is committed to maintaining and enhancing the district of Winchester's (as shown in the map in the tender) built and natural environment. Protecting and improving the environment for residents is important. The district's trees provide an enormous asset, making it one of the greener towns in the south. The council is responsible for c.45k trees and small woodlands that need to be managed to maximise ecological, landscape and social gain whilst being resilient to future pressures such as climate change and disease. Additionally, the council has a duty of care to manage its trees in an effective and appropriate manner, to reduce the risk they pose to people and property. The vast majority of trees and woodlands are on publicly accessible land but some will be in confined areas in council tenant's back gardens. The council are seeking to appoint contractors to a framework for tree maintenance services throughout the year across the district, over a max 4-year period, commencing 1/01/25. This exercise replaces an existing successful framework ending 31/12/24. This framework will operate in a similar way and with contractors working closely with the council's in-house tree surveyors, who will identify and issue orders for the tree works via an industry standard cloud-based system. This system was implemented three years ago to streamline the ordering process. Successful applicants will be required to obtain at least a Contractor's Module licence upon award and retain them throughout the contract. The council have a proactive tree inspection programme with identified risk zones. The framework will service this programme but it will not be exclusive. Works include pruning and felling, with an element of tree planting and other associated works. Additionally, there will be reactive orders following response to enquiries and events, which means a 24 hour/365 day emergency call out service is required. Orders will be spread across the Winchester District area, as shown in the map within the tender. The outcome of this procurement reflects the council's priorities to tackle climate change, ensure the use of technology to improve customer access, speed up processes, improves service, reduce cost and protect and enhance the environment

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement

documents

II.2.6) Estimated value

Value excluding VAT: £1,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3

Maximum number: 6

Objective criteria for choosing the limited number of candidates:

To be fully detailed in the procurement documents. It is envisaged there will be a maximum 6 providers (minimum 3) on the framework. Candidates will need to complete a Selection Questionnaire containing pass / fail and weighted questions. A minimum pass score will be required along with passes to all pass fail questions to proceed to the tender stage 2. Up to 10 candidates that meet the conditions stated may be invited to the tender following evaluation of Selection Questionnaires (stage 1).
