II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £21,000,000 to £25,000,000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.3) Estimated date of publication of contract notice

20 December 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

The following certification will be a requirement of the upcoming tender exercise and Applicants may be required to include evidence of this within their tender submission.

- ISO9001:2015 accredited by the United Kingdom Accreditation Service (or equivalent) to cover all segments of the Applicant's and the product's supply chain. This should include, but not be limited to, manufacturing, storage and distribution. If such certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

If the Applicant commits to obtain ISO9001:2015 accredited by the United Kingdom Accreditation Service (or equivalent) at the time of the tender submission then the requirement is that such certification is in place prior to the commencement date of the framework agreement (in order for NHS Supply Chain to place orders with the successful Applicant).

Non-Direct Contract Products

- Straight Cannulae
- Straight with wings Cannulae
- Ported Cannulae, with and without wings
- Infusion Sets - Straight with wings Cannulae Sets
- Sub-Cutaneous Cannulae
- Integrated Cannulae - Single and Dual Port

As part of its pre-tender strategy, NHS Supply Chain would also like to engage with suppliers of these products via a Request for Information (RFI). If you would like to complete the Request for Information document in respect of the products which are the subject of this procurement then please follow the below instructions;
