Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Circular Economy Support Framework

Reference number

19-CE-119-OJ

II.1.2) Main CPV code

- 79411100 - Business development consultancy services

II.1.3) Type of contract

Services

II.2) Description

II.2.1) Title

Market Engagement

Lot No

3

II.2.2) Additional CPV code(s)

- 90713000 - Environmental issues consultancy services
- 79310000 - Market research services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Support may be provided at locations across Scotland, including the Highlands and Islands, dependent upon the location of the support recipient.

II.2.4) Description of the procurement at the time of conclusion of the contract:

The technical services provided will primarily support the Circular Economy Activator workstream by helping ensure that supported SMEs have access to specialist sectoral and / or market knowledge to help with proof of concept and market validation that enables a more robust and demonstrable understanding of their anticipated market. This may include demand, barriers to entry, regulatory and permitting requirements, and the optimum route to market.

It may also be required, from time to time, to provide more specialist support to SMEs within both the Circular Economy Primer and the Circular Economy Implementation Support workstreams where this provide more effective and efficient delivery of the requirements.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

26 May 2020

End date

31 March 2024

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: Yes

Identification of the project

Scottish Government ERDF Programme 2015-2020, Strategic Intervention: Resource Efficient Circular Economy Accelerator Programme.

V.2.4) Information on value of the contract/lot/concession (at the time of conclusion of the contract;excluding VAT)

Total value of the procurement: £5,000,000

Section VI. Complementary information

VI.3) Additional information

The maximum value quoted for each contract and Lot is the same as for the overall framework agreement. For the avoidance of doubt, this is intended to reflect the absolute maximum that might be awarded to any framework supplier and / or through a Lot over the term of the framework agreement, including optional extension periods. Zero Waste Scotland does not commit to any minimum or maximum spend for any framework supplier or for any individual Lot - this will be determined through the appropriate call off processes.

The cumulative value of all concluded call off contracts shall not exceed the maximum value of the framework agreement.

(SC Ref:760631)

VI.4) Procedures for review

VI.4.1) Review body

Stirling Sheriff Court and Justice of the Peace Court

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

We are currently undertaking a review of our business support services, which includes a range of activities that could be considered part of the Circular Economy that were not necessarily included in the scope of the Circular Economy Business Support (CEBS) framework agreement. This review will help identify if and how business support services can be provided in future, whether through outsourcing or by in-house resources, which

will support the development of a new procurement strategy for the tendering of new and / or replacement service provisions where appropriate.

This modification is being used to extend the period of the framework agreement only, until Tuesday 31 December 2024, with a single three (3) month extension option – to Monday 31 March 2025 – included for contingency purposes only. It does change the character of the original framework agreement or extend the scope of Services to be provided. There is also no change to the maximum value, which remains 5,000,00.00 GBP exclusive of Value Added Tax (VAT).

As such, the modification does not meet any of the conditions defined in regulation 72(8) of the Public Contracts (Scotland) Regulations and is therefore not considered substantial.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The CEBS framework agreement is due to expire on Sunday 31 March 2024 and has no remaining options to extend the agreement beyond this date. While we cannot guarantee that further support services will be required, we consider a further extension to be prudent so that it can be used facilitate continued delivery of Services within the scope of the CEBS framework agreement in the event that those services become necessary before the establishment of new / replacement contracts.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £5,000,000

Total contract value after the modifications

Value excluding VAT: £5,000,000
