Description

Guinness Developments Limited ("GDL") intends to enter into a build contract with GEDA Construction Company Limited ("GEDA"). This scheme is a traditional land and build "package deal" brought to GDL by GEDA, which will result in the construction of 64 affordable rented homes on land off Chesterfield Road, North Wingfield, Derbyshire. GEDA have arranged to purchase the site from the local authority (Derbyshire County Council) and have completed initial design work up to RIBA stage 3. The package deal will be comprised of GDL entering into a JCT Design & Build contract for the construction of the new homes on the land with GEDA (which is the subject of this notice), and a simultaneous purchase of the land from GEDA by The Guinness Partnership Ltd., GDL's parent company (an exempt transaction under Procurement Act 2023).

Other information

Description of risks to contract performance

Delays in achieving planning condition discharge and sectional agreements, that need sign off by the local authority, could result in additional costs being incurred.

Sudden and unforeseeable events leading to substantial increase in supply chain costs - e.g. significant increases in material or labour costs arising from significant events such as pandemic, war, civil unrest, major shipping or transportation issues or major environmental events.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

The reasons why Guinness Developments Limited considers that this direct award justification applies is because: (a) the Supplier is prepared to sell the land only as part of arrangements that also include its development. (b) GDL and the North East Derbyshire District Council have significant unmet need in the locality of the development, evidenced through long housing waiting lists. (c) There is no other land on the market which is available for social housing development within reasonable timeframes local to the unmet need for development.
