II.2.4) Description of the procurement

The University of Northampton is looking to contract a Creative Agency to create a 60 month creative strategy and campaign across three recruitment cycles 2023, 2024 and 2025 that promotes and raises awareness and increase year on year applications to the University of Northampton across multiple touchpoints which will include creative advertising assets across various channels, prospectuses, alongside print, media and event materials throughout the recruitment cycle. The produced materials will need to core drive visitors to the University website where they can register to visit for a campus open day, find out more about courses, the university campus, the town of Northampton and the benefits and opportunities of studying with us. Over the last 3 years we have worked on a campaign that has been very different to the traditional HE approach focussing on what the youth market engage with rather than what traditionally the sector believes they will engage with. The UON Marketing Team are seeking a creative agency who can develop an overarching strategy across all touchpoints and creatively evolves during the contract period to develop the campaign taking it to the next level. We are looking for a campaign that will reflect the look and feel of the website, it will be an evolution of the current campaign messaging and visuals and develop the brand messaging that the audience has become familiar with. We feel that we are in a strong position from a brand awareness perspective and want our future strategy to build upon this success. The strategy and campaign messaging will need to work across multiple channels which will include photography, advertising assets, on campus open day visuals, Exhibition materials, Prospectus and other communications such as direct mail and event handouts. For our advertising this will include display and social channel assets, a commercial which will be used across including VOD, YouTube and audio content which can be across radio and audio platforms. All content produced will need to be targeted to the audience which will include undergraduate and postgraduate targeting. The contracted creative agency should offer strong account management skills and work closely with the UON Marketing Team. This should include clear communication and the ability to manage multiple projects whilst working to a supplied media schedule to ensure all deadlines are

met whilst ensuring that budget allocation and spend is monitored. Contract value £400,000. The contract shall be for a period of 48 months (August 2021 – 31 August 2025) with the possibility entirely at the University's discretion for up an 18 month extension at a value of £100,000
