## NHS Agenda for Change Pay uplift:

Nationally, a one year pay award for NHS staff on Agenda for Change T+Cs was agreed commencing from 1st April 2024.

In previous years the funding for commissioned NHS services with eligible staff was paid to providers by the ICB with local authorities receiving the funding and obligation to pass this on in subsequent years. However, from this year (2024-25) the pay award funding to meet this pay award was re-directed to local authorities, and now forms part of the PH Grant.

Work has been undertaken jointly between commissioners, contract lead, finance and provider services to assess the financial impact on services. Now that a review of evidence to account for incurred costs by the provider has been completed, we need to vary the contract by the provider costs attributed to this uplift to pass through the funding. The total of this increase for 2024/25 and all subsequent years of this contract is £125,091.58 per year, in total this is £750,549.48. Therefore the new lifetime value of the contract is £20,281,149.48

To note, there has been no change in the length and scope of the contract.

### **VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Start date

1 April 2024

End date

31 March 2030

In the case of framework agreements, provide justification for any duration exceeding 4 years:

The contract length remains unchanged, 4 years initial term, with further extension options of 2 years. Nationally, a one year pay award for NHS staff on Agenda for Change T+Cs was agreed commencing from 1st April 2024.

The new lifetime value of the contract is £20,281,149.48
